PROCESS OVERVIEW

Process Overview

GRAPHIC DESIGN

1

Reaching Out with an Idea

Begin by contacting us with your project idea or concept so that we can understand your vision and goals.

2

Scheduling a Meeting

We'll schedule a meeting, either virtually or in person, to discuss your project in more detail.

3

30% Downpayment

To initiate the project, we require a down payment of 30%. This allows us to begin work on your designs.

4

Creating the First 2 Designs

We will create the first two design concepts. These options provide a variety of directions for your project.

5

Choosing One Design

You'll review the initial designs and choose one that best aligns with your vision. Your feedback is crucial in this step. We'll enhance the selected design based on your feedback making any necessary revisions to ensure it meets your satisfaction.

6

Sample Print Out (If Needed)

If your project requires printing, we will provide a sample printout for your review, ensuring everything meets your expectations. (Note: This step is excluded for 3D printing and banners.)

7

Printing

After final approval, we'll proceed with the full printing of your materials, ensuring high quality and attention to detail.

8

Finalizing Payment (70% Balance)

Once the project is completed, we'll request the remaining 70% balance and handover your completed work.
